

Journey planning information

Driving restrictions

Austria - Goods transport

Here we have gathered information on HGV restrictions and restrictions related to public holidays.

Information provided by:

Driving restrictions

Are there any driving restrictions on international HGV traffic at weekends or on public holidays?

Yes

In Austria, in addition to the general driving restrictions below, additional bans apply:

- special local traffic restrictions, including local night traffic bans (detailed in the document attached)
- Fahrverbotskalender – Winter (additional driving bans in Tyrol) (detailed in the document attached)
- Fahrverbotskalender - Summer, normally released in March/April each year (will be added once released).

Both directions

Vehicles belonging to the highway maintenance service; vehicles belonging to the Federal Army, and which are essential for the pursuit of military operations; low-noise vehicles showing the green 'L' plate. The latter are limited to a maximum speed of 60km/h, although a speed of 80km/h may be authorised on certain sections. NB: Derogations to driving restrictions will be authorised only for journeys which serve exclusively for the transport of milk, fresh meat and livestock, perishable...

Additional information

Special local bans (during daytime and at night) are available in the document below.

An online guide has been created to inform you whether you are allowed to drive your truck, articulated vehicle or self-propelled machine on Austrian motorways. The query also takes into account regional environmental driving bans. There is also a quick query for the most important transit routes (see below).
